## STEP Canada National Webcast

### Beyond the Indian Act: A Primer on Estates, Succession, Tax and Trusts for Indigenous Clients

**Wednesday, January 21, 2026 @ 12:00pm EDT**

**Don't miss out!** Join us for an engaging webcast exploring how Indigenous, federal, and provincial/territorial laws intersect in wills and estate planning. Gain practical insights into modern treaties and self-government agreements, taxation on-reserve, the Indian Act, and settlement trusts to better serve Indigenous clients and communities.

The Indigenous Peoples of Canada have a unique relationship with Canada and its provinces, which can impact the wills and estates of their members. This important session will discuss:

- A jurisdictional overview of succession/incapacity law addressing modern treaties, self-government agreements, the Indian Act, and provincial/territorial law.
- Taxation on death of on-reserve and off-reserve interests.
- Estate administration under the Indian Act (and the effect of land codes, family homes on reserve, etc., on succession).
- Succession & incapacity planning with property on-and-off reserve.
- The settlement trust (with an emphasis on per capita distributions and individual interests, and impact of death).

**This valuable webcast will be broadcast in English, and is offered free of charge for STEP Canada Members and Students.**

### STEP Starts Here - Getting Involved

In this section, volunteers from across the country will share how they took the first STEP to get involved - and where it has led them.

**Rhonda Johnson, TEP**  
Field Law  
STEP Edmonton

*"I took the Essay Program to receive my TEP, and it was a great way to force myself to pause and do a deep dive into topics in which I had a keen interest, and to discover a community of like minded professional who shared my enthusiasm for certain subjects. I first volunteered with STEP as a Program Officer for my local branch. I was and continue to be impressed by the selfless dedication, professionalism and generosity of STEP members and staff. In committee meetings and at STEP events I am repeatedly humbled and energized by the impressive brain power, mutual respect and kindness present in the room.*

*Through volunteering on STEP committees and working on various presentations and submissions with fellow TEPs and STEP staff, I have made lifelong friends, shared plenty of laughter, and hugely stretched and deepened my subject matter knowledge. I have also had the good fortune to give, and receive, many cross referrals. My clients' peace of mind is of utmost importance to me, and when I refer them to a fellow TEP, I know with confidence they are in good hands.*

*Volunteering with STEP fills my tank and makes me feel part of a community where I am valued and respected, and from which I receive tremendous personal and professional growth and networking opportunities. I highly recommend stepping into the ring!"*

Rhonda is currently Chair of the 2026 STEP Canada National Conference Program Committee and has served on the committee since 2019. She has also volunteered as Program Officer for the STEP Edmonton Branch Board, was a contributing member of the STEP Canada Trust & Estate Technical Committee, is a regular speaker and moderator for local and national STEP seminars and conferences, and is a contributing author for STEP Inside.

There are many ways to deepen your involvement with STEP while building your expertise and expanding your network. Attend a technical seminar, connect at a networking event, contribute your knowledge as a speaker, or make an impact by volunteering on a committee.

For more information on how to engage with STEP, reach out to your local Member Services Officer.
