"For more than 20 years, I have been practicing tax and estate planning law and consider myself to be a trusted advisor to my clients. My clients are predominantly owner managed businesses, many of which are enterprising families. It wasn't until taking the FEA Program in 2021 that I realized that being the trusted advisor to a family enterprise means much more than just answering technical legal questions. As an FEA, I can now speak to both the technical aspects of estate planning and ask probing questions that make clients think deeper about the decisions they are making and the lasting impact they will have on the family as a system."
