

JOB TITLE: Experienced Tax and Estate Planning Lawyer - 5 Years+

LOCATION: Toronto, ON

DESCRIPTION:

Our client, TvH Legal Professional Corporation, is expanding and seeking a like-minded lawyer to join as a partner and lead its Corporate and Estates practice. If you are eager to maximize your practice in a prime downtown Toronto location with the support of a collaborative team, excellent cross-marketing initiatives and meaningful referral work, this may be the right opportunity for you.

TvH Legal Professional Corporation is part of TvH Group, a small but well-established multidisciplinary firm, consisting of lawyers, financial advisors, accountants and mortgage brokers, who can deliver integrated solutions to their clients. Located in brand new office space on the 27th floor or 250 Yonge (next to the Advocates' Society), the firm offers a collegial, forward-thinking environment that values ownership, innovation and purpose. This is a non-salaried position, where compensation is based on earnings and the split depends on whether the client is brought in by the lawyer or the firm. The split arrangement is generous and there are ample referral opportunities.

The ideal candidate will be a pragmatic and collaborative practitioner who brings an entrepreneurial drive, client-first approach and five or more years of hands-on experience in Corporate and Tax matters and Estate Planning and Administration. The Trust and Estate Practitioner (TEP) designation is a strong asset. While an immediately portable practice is valued, the size of the incoming book of business is secondary to the ability of the lawyer to generate and properly serve clients while part of the firm.
